19. LOGNOTE - Executive and Planning Staff, 4 February 1983

[redacted] Received a call from Meredith Spencer of Senator McClure's office (Chairman of the Senate Energy Committee) requesting any information published in the Western Europe or Middle East DR's on Secretary of Energy Hodel's testimony before the Energy Committee on Monday of this week in which he stated that we were not relying on the Persian Gulf as much as we previously did. Ms. Spencer stated that Senator McClure was leaving town within the hour and needed anything we had. I checked the Daily Reports for this week and further checked with [redacted] who confirmed that there had been no coverage. I so informed Ms. Spencer. Subsequently received a call from Jim Craig of the Energy Department's Office of Public Affairs requesting the same information.
